**Addendum to the Proof of Claim of
Michigan AFSCME Council 25, and its affiliated Locals of the City of Detroit**

This proof of claim (the “Claim”) is for all claims due to Michigan AFSCME Council 25 and its affiliated Locals within the City of Detroit (the “Claimant”), and its members, and former members/retirees (or future retirees with pension or other post-employment benefit obligations vested prior to the City of Detroit’s (the “City”) bankruptcy filing), relating to:

- (i) unfunded or underfunded pension obligations (including annuity savings fund obligations) owed with respect to the City’s General Retirement System (the “Pension Obligations”),
- (ii) other unfunded or underfunded post-employment benefit obligations (the “OPEB Obligations”, including obligations owed with respect to the City’s Health and Life Insurance Benefit Plan and/or the Supplemental Death Benefit Plan and/or other non-pension post-employment welfare benefits, including unfunded actuarially accrued liabilities),
- (iii) grievances and other disputes under the various union contracts, the City Employment Terms or other contractual obligations,
- (iv) monies owed for violations of local, state or federal law, unfair labor practice charges,
- (v) monies owed due to uncompensated services performed,
- (vi) any other claims which arose before July 18, 2013.

The calculated aggregate amount owed pursuant to these claims amount to not less than \$8,718,697,854.82. The not less than \$8,718,697,854.82 amount asserted in this Claim consists of several separate claims.¹ (See attachment)

¹ The amount set forth in this Claim are estimates based on data provided to Claimant by the City, Collective Bargaining Agreements, the City’s General Retirement System and other third

On November 21, 2013, the Court entered its order establishing bar dates for filing proofs of claim and approving the form and manner of notice thereof [Docket No. 1782] (the “Bar Date Order”) establishing February 21, 2014 at 4:00 p.m. Eastern Time as the general claims bar date for filing proofs of claim in this case. While individuals or entities holding claims for, *inter alia*, Pension Obligations and OPEB Obligations were not required to file proofs of claim pursuant to the Bar Date Order, as the City has not (to date) determined how the claims for Pension Obligations and/or OPEB Obligations will be asserted and/or allowed, portions of this claim are in reference to Pension Obligations and OPEB Obligations as a protective measure.

As the documents supporting this Claim – including without limitation the relevant statutes, charter and ordinances, collective bargaining agreements, City Employment Terms, grievances, arbitration awards, unfair labor practice charges, the books and records of the City and its General Retirement System, and the City’s communications with its employees and retirees – are voluminous, they are not attached to this Claim. Copies of the relevant documents supporting this Claim are or should be, upon information and belief, in the possession of the City.

Claimant expressly reserves the right to amend this Claim to re-characterize or further characterize all or any portion of these claims as administrative expenses or priority claims or to include such modifications, deletions or additions as may be just and proper.

Pursuant to the Bar Date Order, individual members of AFSCME Council 25, its affiliated Locals, and the Coalition of Unions have a right to file a proof of claim on their own

parties. Claimant reserves the right to amend this Claim to include updated data, any appropriate changes in applicable actuarial assumptions which serve as the basis for the calculations of the amounts set forth herein, and any appropriate updates for Claimant’s members or former Claimant members who have or may become eligible in the future for pension benefits but whose data was not included in the herein calculations.

behalf. Thus, Claimant reserves the right for other units or individual members to file proof of claims in addition to this claim. Claimant has put forth a good faith effort to provide an exhaustive list of all outstanding claims while avoiding duplicative filings; any unnecessary duplication is not intentional and will be resolved.

The filing of this Proof of Claim is not and should not be deemed a waiver of any Claimant's challenge to the legal validity of this bankruptcy or any legal claims relating to the bankruptcy and/or Detroit's assets. Furthermore, this Claim shall not be deemed or construed to be a waiver of the rights of the Claimant (1) to have final orders with respect to non-core matters entered only after *de novo* review by the United States District Court, (2) to trial by jury in any proceeding so triable in these cases or any case, controversy, or proceeding related to these cases, (3) to have the United States District Court withdraw the reference in any matter subject to mandatory or discretionary withdrawal, (4) to assert any other rights, claims, actions, setoff or recoupments to which the Claimant is or may be entitled in law or in equity, all of which rights, claims, actions, defenses, setoffs, and recoupment the Claimant expressly reserves, and (5) to assert any and all rights or claims against others jointly or severally liable for the sums claimed herein.

EXHIBIT 1 TO MICHIGAN AFSCME COUNCIL 25 PROOF OF CLAIM

<u>ISSUE NAME</u>	<u>DESCRIPTION</u>
Underfunded pension and post employment benefit obligations	Based upon data from the City and elsewhere, it is projected that the pension and health care obligations of the City's active employees and retirees amounts, in total, to no less than \$8.1 billion dollars.
Violations of local, state or federal law	Claimant asserts any and all claims arising from or related to every City breach of local, state or federal law, the orders of the Emergency Manager, or any other failure of the City or its agents to fulfill such legal obligations, to Claimant or its present or former members. This applies to legal violations impacting present or former union members for injury which has been, is presently or will be realized in the future. This applies whether or not such violations are identified herein.
Refusal to bargain AFSCME Local 1023: MERC Case Number D13 C-0331	AFSCME Local 1023 is a public safety local, and therefore its bargaining disputes must be resolved with binding arbitration pursuant to state law, if so requested by a negotiating party. The state labor board, in another case, ruled that 2012 Public Act 436 denied binding arbitration to public safety locals. AFSCME Local 1023 was not a party to that case and filed its own request for negotiation assistance with the state labor board. Local 1023 maintains a claim for the City's unilateral imposition of employment conditions, prior to binding arbitration, and contends that the state labor board interpreted Public Act 436 in error (by, for instance, not properly accounting for the other state law which requires binding arbitration).
Local 207, 2394 and 2920 DWSD refusal to bargain / Case Number C13 D-069	AFSCME water department locals were refused the opportunity to bargain a new contract, and incurred illegal changes in employment conditions.
Imposition of furloughs days in February 2013	In February 2013, the City unilaterally imposed furlough days, in violation of its obligation to bargain with its unions. The City required employees to take unpaid days off work at least twice per month. These furlough days were realized through the bulk of the 2013 calendar year, causing significant losses in wages and benefits that would have been earned or accrued during the lost time.
Detroit refusal to bargain concerning Transportation Locals: Case Number C12 H-157	The City has committed to bargain with AFSCME Locals 214 and 312. The members of these Locals work in the Detroit Department of Transportation. These locals, however, are part of a city-wide bargaining unit, as determined by Michigan courts. By refusing to bargain with the entire bargaining unit, but only select portions of the bargaining unit, the City is violating state labor law. Any changes in employment conditions realized by the entire unit – due to the City's failure to bargain – represent a claim.

AFSCME Council 25 (13th check ULP). MERC Case No. C12-E-092	On about November 30, 2011, the City passed an ordinance which curtailed payments into employee annuity accounts and stopped "13 th checks" being paid to retirees. By applying this change to union-negotiated benefits, the City violated state labor laws, by ignoring its bargaining obligation and repudiating its contractual obligations. An administrative law judge recommended a finding in favor of the Unions and estimated the award to be as high as \$174,000,000.
City of Detroit 2012 negotiations and implementation with Coalition: MERC Case No. C12 D-065, C12 F-125, C13 G-129	Following the negotiation of a Coalition tentative agreement in February 2012, the City violated state labor laws by refusing to execute that contract but illegally imposing other terms and conditions of employment. This includes wage and benefit concessions for all AFSCME members, which remain in existence today. The reader is referred to the Coalition of Detroit Unions Proof Of Claim, addressing the losses discussed therein. AFSCME's share of the Coalition proof of claim amount is in the range of 60% - 70%.
Violation of Privatization Ordinance	The City has repeatedly violated the City's Privatization Ordinance, prior to letting contracts to vendors to perform work normally performed by unionized employees. These claims are held by individual members of the Unions, as opposed to the union itself. Nonetheless, the claims seek all relief available to the employees under the law.
City of Detroit/DFFA/MERC: MERC Case No. C11 K-201	The union filed an unfair labor practice charge concerning removal of work from the applicable bargaining unit. This change impacted the employees who had previously performed the work.
City of Detroit longevity claim for AFSCME employees: Claim number 12-000522 and 12-000523; Wayne County Circuit Court Number 13-003430-AA	Under the 2005-2008 AFSCME union contract, employees had received a yearly payment, in December, based upon the number of hours they worked since the previous December; receiving the full longevity payment for hitting 1600 hours. Effective October 2010, the City imposed new contract terms on AFSCME employees, which removed the longevity pay. However, many AFSCME members had already worked the 1600 hours since the December 2009, entitling them to full longevity pay. Further, for members who had worked less than the 1600 hour threshold, they were entitled to prorated longevity payments for hours worked in each month during that year. The City refused any AFSCME members longevity pay, despite the clear contractual obligation. AFSCME members filed claims with the state for this payment, and the City challenged the payments. The claims were initially denied by the administrative law judge, and placed on appeal before Wayne County Circuit Court.

<p>X</p> <td>Negotiation of Local 542 supplemental agreement: MERC Case Number C07 L-033</td> <td>MERC ruled that the City was obligated to negotiate a supplemental bargaining agreement with Local 542. Failure of the City to do so caused financial harm to members of this bargaining unit.</td>	Negotiation of Local 542 supplemental agreement: MERC Case Number C07 L-033	MERC ruled that the City was obligated to negotiate a supplemental bargaining agreement with Local 542. Failure of the City to do so caused financial harm to members of this bargaining unit.
<p>J</p> <td>Detroit & SEMHA: MERC Case No. C05 H-194</td> <td>The charge was filed to protest the layoff of four individuals from the Detroit Health Department and rehiring of them by a Detroit contractor, to perform the same work. The charge alleged a violation of state labor law. In the process of the hearing (despite repeated appeals, ancillary litigation and cancelations), the Union learned of other positions for which this occurred. The charge sought back pay and benefits for those impacted employees. The Union lost dues for those laid off members as well.</td>	Detroit & SEMHA: MERC Case No. C05 H-194	The charge was filed to protest the layoff of four individuals from the Detroit Health Department and rehiring of them by a Detroit contractor, to perform the same work. The charge alleged a violation of state labor law. In the process of the hearing (despite repeated appeals, ancillary litigation and cancelations), the Union learned of other positions for which this occurred. The charge sought back pay and benefits for those impacted employees. The Union lost dues for those laid off members as well.
	Grievance Claims	
Breach of contract claims	Claimant asserts any and all claims arising from or related to every City breach of the Council 25 Master Agreement, local supplemental agreements, Council or local memoranda or letters of understanding, the imposed City Employment Terms, the orders of the Emergency Manager, or any other failure of the City or its agents to perform any contractual obligation to the Claimant or its present or former members. This applies to breaches impacting present or former union members for injury which has been, is presently or will be realized in the future. This applies to all such breaches, whether or not listed specifically herein.	
Exhibit 2 Listing of Specific Grievances	Exhibit 2, attached to this Proof Of Claim, contains a listing of a number of specific grievances filed by AFSCME Council 25 local unions. While this is intended to be a list of all active grievances currently in existence, derived after diligent search, Claimant reserves the right to add to or otherwise modify the list of grievances, or the description of any grievance listed therein.	
<p>A</p> <td>City of Detroit/Human Services department: Grievance No. 25-01-12 / COA: 12-0077708-CL</td> <td>In July and October, 2012, approximately 174 AFSCME Locals 1642 and 457 members, working at the Detroit Health Department and Workforce Development Department, were permanently laid off and replaced with employees from third party companies. The arbitrator found the City's actions to be in violation of the union contract, and awarded back pay and benefits to the members. The arbitrator's decision, confirmed by Circuit Court, is now on appeal.</td>	City of Detroit/Human Services department: Grievance No. 25-01-12 / COA: 12-0077708-CL	In July and October, 2012, approximately 174 AFSCME Locals 1642 and 457 members, working at the Detroit Health Department and Workforce Development Department, were permanently laid off and replaced with employees from third party companies. The arbitrator found the City's actions to be in violation of the union contract, and awarded back pay and benefits to the members. The arbitrator's decision, confirmed by Circuit Court, is now on appeal.
City of Detroit Retirees Health Care: Grievance No. C10 A-025	In 2006, the City changed retiree health care benefits, requiring retirees to incur greater cost for health care. AFSCME filed a grievance on behalf of all AFSCME retirees (approximately 6,000), because the changes violated specific provisions of the union contracts under which the employees retired.	
Payroll disputes	Repeatedly, the City of Detroit payroll system will not issue correct amounts of pay or benefits on payroll checks of AFSCME members. This problem has escalated over the years, resulting in significant losses of money and benefits for AFSCME members.	

10

11

Detroit Service and Maintenance Outsourcing in Downtown Detroit: Grievance Number C09-078	In 2009, the City reduced the overtime of AFSCME members, due to work performed by private contractors, in the downtown Detroit area. This violation of Article 19 of the AFSCME Master Agreement continued for years after the fact. The violations impacted 40-60 employees throughout the period.
Tree Artisan failure to secure license: Grievance Number 727May08	Tree artisan employees in the AFSCME bargaining unit were discharged. The grievance was granted in that the City was required to pay for training and restore seniority to some employees. To the extent these benefits were not awarded, those employees have claims.
TOTAL CLAIM AMOUNT	Not less than \$8,718,697,854.82 (estimated)
